UP 10 Ecoline | UP 15 | UP 115

The UNIFLEX marking tool UP 10 Ecoline/UP 15 has a compact table construction. The European safety regulations DIN20066-2012-10, EN853, 854, 856, 857 stipulate that hose lines have to be marked indelibly with the manufacturer code, the assembling date and the max. pressure, e.g: XX_YY/MM_330 bar. This embossing will also allow you to indicate who produced the hose line and when. This is helpful information in the case of warranty claim. The new and compact UNIFLEX marking tool UP 10 Ecoline is a precise and easy-to-handle tool. The robust technology and low maintenance makes it a perfect machine for mobile operations or workshops.

UP 10 Ecoline

UP 15

Compact Design
Compact for mobile usage, standard with a 1-row marking tool
User friendly
Easy height adjustments possible
Precise and robust technique
Easy handling and adjustments
Low maintenance
ECOLINE Version
High quality for those new workshops
