HS – Containment Grips

- Material: electrogalvanized steel wire

Part Number	Hose I.D.				Ø	Working load	Breaking load	Total length l1	Length of loops l2
	DN	Inch	Size	mm	mm	kN	kN	mm	mm
HS-03	5	3/16	-3	4.8	9 - 15	3	9	600	200
HS-05	8	5/16	-5	7.9	12 - 20	6	18	600	200
HS-08	12	1/2	-8	12.7	20 - 30	11	33	600	200
HS-12	20	3/4	-12	19.0	30 - 40	11	33	600	200
HS-16	25	1	-16	25.4	40 - 50	16	48	600	200

Thread Identification Kit

The thread identification tools are useful to help you identify international threads such as:

- European threads
  (Metric, BSPP, BSPT threads) and
- U.S. threads
  (NPT and SAE straight threads UNF)

Technical / Order Data

Thread identification kit with thread gauges, a set of callipers, thread profiles and instruction booklet	**Part Number**	English	**H905375-GB**
	Part Number	German	**H905375-DE**
	Part Number	French	**H905375-FR**

The components of the thread ID Kit are not high-precision gauges but simple instruments for workshop use.
